February 16, 2010

Dear Parent/Legal Guardian,

We are over half way through another successful year at Philadelphia Electrical and Technology Charter High School. Spring is finally around the corner. Our students continue to improve and show significant academic growth. Our new student reward program has provided our students with incentives to achieve more significant academic gains. Our 11th graders will take the PSSA, the most important test of their high school career, from April 12th to 28th. All students must demonstrate proficiency in math, reading, and science in order to graduate.

Unfortunately, we have had five school day cancellations due to inclement weather. Please note that we have shortened our Spring Break by two days and extended our school year by three days. Be advised of the following adjustments to our school calendar:

The snow days on December 21st, February 8th, February 10th, February 11th and February 12th were instructional days. These five days will be made up on Thursday - April 8th, Friday - April 9th, Wednesday - June 23rd, Thursday - June 24th, and Friday - June 25th. June 25th is now the last day of school for 9th, 10th and 11th graders. Graduation remains on June 21st.

Any additional snow days will continue to shorten Spring Break one day at a time starting with Wednesday, April 7th.

We will have an Open House for prospective students and their families on Saturday, March 20th from 11AM – 1PM. I encourage you to tell a friend about our wonderful school.

We hope that you will continue to work with us in fulfilling our vision of high achievement for all of our students. As always, I thank you for your support and cooperation.

Sincerely,

Michael J. Nemitz
Chief Executive Officer
